Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates significant changes in its results of operations for the period ended June 30, 2024 compared to the results of operations for the period ended June 30, 2023. Specifically, the Company expects to report total revenue for the nine months ended June 30, 2024, and 2023, of approximately \$3,715 thousand and \$3,364 thousand, respectively. The approximate \$351 thousand, or 11%, increase in revenue in the nine months ended June 30, 2024 was a combined result of the Company's continuous expansion of customer base and changing of the Company's sales mode. For the three months ended June 30, 2024 and 2023, the Company's gross revenue was \$1,443 thousand and \$1,310 thousand, respectively, and the increase was mainly due to the increase in Service and ClouTea revenue, partially offset by the decrease in product revenue. The amounts reported above are still under review by the Registrant's independent registered public accounting firm and accounting staff and may differ once reported in the Form 10-Q to be filed by the Registrant.
